

A histogram showing the distribution of counts (conteo) for the variable 'sexo'. The x-axis is labeled 'conteo' and has major tick marks at 10, 30, and 50. The y-axis represents frequency, with a grid line at 10. The distribution is unimodal and slightly right-skewed, with a peak frequency of approximately 12 occurring at a count of 30. The data ranges from approximately 5 to 65.
